

Extraordinary Adventure Vacations in Alaska's National Parks

Equipment List

THIS DOCUMENT LISTS ALL CLOTHING, EQUIPMENT AND OTHER GEAR NEEDED FOR YOUR ALASKA ALPINE ADVENTURE.

Please note that some items will be supplied by Alaska Alpine Adventures; other items you will need to provide yourself. The checklists below contain all of the clothing and gear required for any trip offered by Alaska Alpine Adventures. By following them, you should find yourself well-equipped for your adventure. We are always happy to discuss equipment needs with you, so please do not hesitate to contact us with any questions.

Trust Yourself (Not the Weather)

We travel light, yet spare few comforts, and the following checklists reflect this dogma. Our lists are based on typical seasonal and environmental conditions you are likely to encounter. Please refer to your particular adventure's Trip Beta page for specific weather conditions common to your destination. Living by the tenant of "Hope for the best, plan for worst, and probably get something right in between" has served us quite well and often seems to sum up the Alaska experience. Environmental comfort levels will vary from person to person, so please select your clothing and equipment accordingly and use the following checklists as a guide. It must be stressed that the items listed (or your own favorite substitution) are **MANDATORY** and must be in your possession when you head into the field.

Items Supplied For You

Alaska Alpine Adventures will supply the following gear for your trip:

- ▶ Expedition-quality tent(s)
- ▶ Group camping equipment
- ▶ Food
- ▶ Cookware, eating bowls and utensils
- ▶ Trekking poles
- ▶ Medical kit
- ▶ Aircraft radio, satellite phone, cellular phone, GPS and rescue equipment

All other clothing and equipment (described on the following checklists) are to be provided by you, and are **MANDATORY**.

Outdoor Equipment Suppliers

Over the course of many years spent in the most rugged environments, your Alaska Alpine Adventures guides have had the opportunity to put their gear and clothing to the ultimate test - daily use. Our guides have repeatedly found that certain companies produce consistently tough, durable products that stand up to both time and the elements. The suppliers we recommend are listed below.

You can find most of these brands at your local outdoor retailer, REI, EMS, MEC or online. The Alaska Alpine Adventures website also contains links to these suppliers (see "Links" at www.AlaskaAlpineAdventures.com). You can also connect to suppliers directly using the web addresses provided. Several outdoor suppliers in Anchorage rent much of the equipment listed – including REI and Alaska Mountaineering and Hiking (AMH).
