Katmai National Park & Preserve

Thank you for considering a trip with Alaska Alpine Adventures! We have spent the past 25 years perfecting the art of guiding expeditions throughout the most remote wilderness regions of Alaska with folks just like you. Included below is much of the information you'll need to prepare & plan for your trip. Of course, never hesitate to reach out to us with any questions or concerns.

Before booking a trip with Alaska Alpine Adventures, we encourage you to thoroughly read our Reservation & Cancellation Policies below AND make sure you read and understand your personal responsibilities delineated on the [Safety & Responsibility page on our website](#).

Our policies are intended to be fair, both to our guests and to our small business. Ultimately, we are a small adventure travel company operating on public lands in some of the world's most remote and challenging environments. Our groups are intentionally small, our operating season each year is incredibly short, and each spot on a trip represents an irreplaceable opportunity. The closer to a trip's start date that a guest cancels, the more difficult it becomes to fill that spot, and that is what informs our cancellation policy.

It's also the reason that we **STRONGLY RECOMMEND PURCHASING TRIP CANCELLATION & INTERRUPTION INSURANCE.**

Both [TRAVEL GUARD](#) & [RIPCORN](#) are good options. We're excited to share Alaska with you, in the most authentic way we believe possible! Thanks so much for understanding, and for choosing Alaska Alpine Adventures. We'll see you in Alaska soon!

Bear hugs for everyone!

The Curated Experience

Alaska's most unique bear viewing trip! This once-in-a-lifetime adventure is truly a multi-sensory experience for the adventurer looking to view, photograph and admire North America's most magnificent big game animal. From our comfortable camp (*one that we've made bear resistant by surrounding with an electric fence*), we spend three full days watching the world-famous bears of Katmai National Park in a true wilderness setting.

Our basecamp venue in Katmai National Park is arguably one of the most spectacular, remote, and pristine areas in southwest Alaska to view these majestic creatures. The tundra hiking that surrounds our camp is second to none, and it's not uncommon to see wolves, moose, and caribou during our stay. Furthermore, the fishing on the adjacent creeks for rainbow trout and salmon has been called world class! But most importantly, it's about the coastal Alaska brown bears that visit this area each and every year to fatten up on spawning sockeye salmon from Bristol Bay and the world's richest salmon fishery.

This 5-day expedition also includes a night at a lodge in Lake Clark National Park on the final evening of the trip. See two of Alaska's greatest national parks on one trip! Join us for an Alaska bear-viewing trip of a lifetime.

*While Alaska Alpine Adventures endeavors to follow our itineraries as written, odds are in fact slim that you actually will during the camping portion of this trip. The expeditionary factors at play quite often compel our guides to deviate from the written itinerary. Guide considerations could include weather conditions, group preference, individual ability, specific safety considerations, or unforeseeable circumstances; collectively what many have called "The Alaska Factor." Flight times into and out of the wilderness may also vary based on any number of similar factors. Therefore, we strongly suggest that you approach any adventure in Alaska with an open mind.

Traveling with Alaska Alpine Adventures

GUIDES: It takes a talented individual to be able to lead an Alaska expedition, and our Alaska guides are true outdoor multi-sport professionals. We hand-select each guide based on their ability to deliver an unparalleled level of customer service, a strong wilderness skill set and background and an insatiable passion for Alaska's wild spaces. Each guide is medically certified as a Wilderness First Responder and carries the necessary qualifications to competently backpack, hike, kayak, canoe and climb throughout Alaska's vast wilderness. When you choose to travel with us, you can rest assured that your trip has been meticulously planned and executed by real Alaskans with authentic Alaska know-how, skill and ability.

FOOD: Our food is excellent – in fact it is something that clearly differentiates us from our competition. We have spent the past twenty-five years fine-tuning our backcountry menu. Breakfasts include steel cut oats, egg scrambles, homemade granola and cereal, locally roasted coffee, assorted tea, and cocoa. Lunches could include an Italian club torta sandwich, asiago bagels and Alaska lox, a curried tuna pita, or perhaps crackers with genoa salami with a roasted red pepper goat cheese spread. We also feature daily snack packs with an assortment of energy bars, chocolate, meat, and cheese. Dinners could include pasta carbonara, Alaska reindeer rotini, chicken and chipotle beef enchilada bowls, and more. And a delicious desert experience is always included after dinner.

CAMPING: Alaska Alpine Adventures has camped in some of Alaska's most remote and wild places; from the remote beaches of the Alaska Peninsula, the rugged glaciers of the Neacola Mountains, to the open tundra expanses of the Brooks Range. With literally thousands of nights camped in the Alaska wilderness in all seasons, we have refined camp craft to a science. Expedition quality tents, included trekking poles, group-size tarp shelters, and only the best cooking equipment accompany each and every one of our wilderness trips. Not only does including the finest equipment make camp life more comfortable, but it also adds a level of safety to trips that could otherwise be relentlessly unforgiving to the unprepared. In other words, we take our camping very seriously!

SMALL GROUPS: Small groups are the best way to witness the Last Frontier! This wilderness trip is limited to 8 guests. And with a guest to guide ratio of 4:1 you are assured of our commitment to risk management and safe operations. Furthermore, it is a best practice to keep groups exceptionally small to minimize our impact on the Alaskan backcountry by following Leave No Trace principles.

GRATUITIES: Tips to guides are left entirely to your discretion. While any amount is greatly appreciated, tips often range from 5-10% of the trip cost per person and are split among the guides.

Additionally, the staff at the Lake Clark Resort works very hard to make your stay fulfilling and comfortable. Generally, a tip of \$10-\$20 is appreciated and is split among the entire lodge team

Travel Information

GETTING TO ALASKA

This trip begins and ends in Anchorage, Alaska. Getting to Anchorage is easy. Alaska Airlines, your travel agent, online travel sources, or the carrier of your choice are options to easily arrange roundtrip airfare from international cities or the lower 48.

BUSH FLIGHTS

Access to Katmai & Lake Clark National Park is limited to air travel in a small airplane flown by an experienced bush pilot. This adventure includes bush flights between Anchorage and Port Alsworth and float plane flights to and from Katmai. Have your camera ready because your trip begins as soon as you board the plane. This may be your first experience in a small aircraft – a memorable one to be sure. The flight to Lake Clark takes you through the southern portion of the Alaska Range with

towering peaks and tumbling glaciers right off the wing tips. The 150-mile flight to Port Alsworth, Lake Clark National Park's gateway community, takes approximately an hour and twenty minutes.

ACCOMMODATIONS

Lodging on the final night in Port Alsworth is included in your package (See our Roommate Policy below). You'll be staying at the Lake Clark Resort or Wilder House B&B in the bush community of Port Alsworth. The properties are both comfortable and picturesque. The community of Port Alsworth (Population 250) offers a great portrayal of how people thrive in rural Alaska. Prices are double occupancy. If you prefer or end up in your own cabin on your lodge night, you will be asked to pay a single supplement of \$275.00. The first 3 nights will be spent camping in the wilderness.

LUGGAGE

If you chose to pack and check your backpack, make sure all the straps are cinched and buckled. The baggage conveyors have been known to eat these things! Please keep your luggage tagged, with your name easy to read. During the morning orientation & gear check on Day 1, we will issue you large backpack style dry-bags for you to use during the trip. Due to limited weight restrictions for the bush flights, we suggest you pack as lightly as possible. If

you follow the gear list, you'll be spot-on! Of course, you're welcome to store any additional items at our shop while you are out in the field.

ROOMATE POLICY

Our trip rates are based on double occupancy in each room. If you request your own room or we are unable to find a roommate of the same gender, a single supplement of \$275 will be applied to your trip rate before your final balance is due (45 days prior to your trip start date). If we find you a roommate prior to your final payment being due, the single supplement will be removed from your balance due.

- Due to limited inventory with our accommodation vendors, a single room cannot always be guaranteed.
- If we find you a roommate after you have submitted your final payment, your single supplement will be refunded.
- If you register 45 days or fewer prior to your trip start date, your single supplement will be due at the time of your registration unless a roommate is available. If a roommate is found prior to your trip, your single supplement will be refunded.
- Please be sure to confirm your rooming arrangements by emailing us or calling 1-907-351-4193

RESERVATION AND CANCELLATION POLICY

EQUIPMENT INFORMATION – BASECAMP BEARS

This document lists ALL clothing, equipment and other gear needed for your Alaska Alpine Adventure.

Please note that some items will be supplied by Alaska Alpine Adventures; other items you will need to provide yourself. The checklist below contains all of the clothing and gear required for this trip offered by Alaska Alpine Adventures. By following them, you should find yourself well equipped for your adventure. We are always happy to discuss equipment needs with you, so please do not hesitate to contact us with any questions.

TRUST YOURSELF, NOT THE WEATHER!

We travel light, yet spare few comforts, and the following checklists reflect this dogma. Our lists are based on typical seasonal and environmental conditions you are likely to encounter. Please refer to your particular adventure's itinerary for specific weather conditions you can expect at your destination. Living by the tenant of "hope for the best, plan for worst, and probably get something right in between" has served us quite well and often seems to sum up the Alaska experience. Environmental comfort levels will vary from person to person, so please select your clothing and equipment accordingly and use the following checklists as a guide. It must be stressed that the items listed (or your own favorite substitution) are **MANDATORY** and must be in your possession when you head into the field.

OUTDOOR EQUIPMENT SUPPLIERS

Over the course of many years spent in the most rugged environments, your Alaska Alpine Adventures guides have had the opportunity to put their gear and clothing to the ultimate test - daily use. Our guides have repeatedly found that certain companies produce consistently tough, durable products that stand up to both time and the elements. You can find most of these brands at your local outdoor retailer or online. The Alaska Alpine Adventures website also contains links to suppliers, printable gear lists, and helpful videos. We've also included the gear list below.

AVAILABLE RENTAL ITEMS

FREQUENTLY ASKED QUESTIONS

Will I be kept safe on the trip?

Because our trips take place in remote & wild environments, there are inherent risk factors that can't be entirely avoided without compromising the unique character of the activities associated with adventure travel. Obviously, it's not our intention to reduce your enthusiasm for outdoor adventure activities, but we believe it is important for everyone to know in advance that real adventure involves real risk, much of which simply cannot be controlled Alaska Alpine Adventures or Alaska Alpine Adventures' employees. By joining one of our trips, you are representing that you understand, and are accepting of, the risks described in the acknowledgment/release document that all participants are required to sign. You are also representing that you will accept the degree of personal responsibility necessary to participate in adventure travel activities.

What about the mosquitoes?

In case you've heard horror stories... the number of mosquitoes is greatly dependent on hatching season, annual weather conditions, specific locations, and time of year. While you are bound to encounter some mosquitoes during the course of your summer adventure, their numbers rarely present major problems. That said, please arrive prepared with insect repellent and a head net to fend off any bugs that are present.

Will bears be a problem?

Alaska is bear country! There are both grizzly and black bears in most of the wilderness areas of Alaska we visit. We love seeing bears in the wild and consider bear sightings one of the most thrilling privileges common in Alaska's backcountry. That said, traveling safely and taking precautions to minimize a negative encounter are considerations we take very seriously. In addition to conducting a thorough pre-trip bear safety orientation, your guides also take many precautions on all of our trips including: 1) all of our food is packaged to minimize odors – we vacuum seal most of our fresh ingredients and sauces, we pack our food in bear resistant food canisters, and we store our food well away from camp. 2) We make noise when we're hiking in thick brush or when we're hiking in windy conditions to minimize surprise encounters. 3) We keep an exceptionally clean camp and 4) as a last resort guides travel armed carrying pepper spray.

Will I see wildlife on my trip?

It's important to keep in mind that while we do have abundant wildlife populations in Alaska, animals are often obscured by the vastness of the landscape, subject to imprecise migration routes and often affected by Alaska's dynamic weather patterns.

While wildlife viewing on our trips has been historically reliable, and we schedule our trips to maximize the chances of seeing wildlife, there are simply too many factors to make any guarantees.

What will the weather be like on my trip?

Alaska has some of the most dynamic and dramatic weather on the planet. During the summer months in Alaska, average daytime temperatures range from 60° to 80°F. Nighttime and morning temperatures are cooler, but rarely dip below 40°F. Fall arrives early at these latitudes and you'll experience cooler temperatures and fewer hours of daylight in late August and early September. Throughout the summer season, you may experience rain, sun, wind, clouds, and fog on your adventure. We live by the adage "prepare for the worst, hope for the best, and you'll likely end up with some of both".
