7 Day Kayaking & Hiking Adventure
Lake Clark National Park & Preserve

Thank you for considering a trip with Alaska Alpine Adventures! We have spent the past 25 years perfecting the art of guiding expeditions throughout the most remote wilderness regions of Alaska with folks just like you. Included below is much of the information you'll need to prepare & plan for your trip. Of course, never hesitate to reach out to us with any questions or concerns.

Before booking a trip with Alaska Alpine Adventures, we encourage you to thoroughly read our Reservation & Cancellation Policies below AND make sure you read and understand your personal responsibilities delineated on the [Safety & Responsibility page on our website](#).

Our policies are intended to be fair, both to our guests and to our small business. Ultimately, we are a small adventure travel company operating on public lands in some of the world's most remote and challenging environments. Our groups are intentionally small, our operating season each year is incredibly short, and each spot on a trip represents an irreplaceable opportunity. The closer to a trip's start date that a guest cancels, the more difficult it becomes to fill that spot, and that is what informs our cancellation policy.

It's also the reason that we **STRONGLY RECOMMEND PURCHASING TRIP CANCELLATION & INTERRUPTION INSURANCE.**

Both [TRAVEL GUARD](#) & [RIPCORD](#) are good options. We're excited to share Alaska with you, in the most authentic way we believe possible! Thanks so much for understanding, and for choosing Alaska Alpine Adventures. We'll see you in Alaska soon!

Turquoise Kayak & Hike

7 Day Kayaking & Hiking Adventure

Lake Clark National Park & Preserve

The Curated Experience

We describe this adventure as a kayaking supported hiking trip, and it is a true classic! As you steal a glimpse of Turquoise Lake from the windows of the floatplane for the first time, you will realize immediately how it received its name, why we keep coming back to this extraordinary place, and why we bring kayaks to fully explore the basin.

Guarded by 8,000' peaks to the east, and endless tundra to the west, Turquoise Lake is nestled between Telaquana Lake and Twin Lakes, in the heart of Lake Clark National Park. This 7-day adventure gives anyone looking for an all-inclusive wilderness hiking experience the chance to thoroughly explore one of Alaska's most amazing and beautiful watersheds; kayaking the turquoise waters, hiking to the edges of mighty glaciers, and exploring the hillsides searching for a glimpse of the many animals that call this place home. Having kayaks at Turquoise Lake allows us to explore hikes at both the east end and west end of the lake, and also provides the flexibility to do morning or evening paddles from camp. Join Alaska Alpine Adventures for an incredible adventure vacation in the wilderness of the incomparable Lake Clark National Park.

Turquoise Kayak & Hike

7 Day Kayaking & Hiking Adventure
Lake Clark National Park & Preserve

Turquoise Kayak & Hike
is rated a **LEVEL 2 Kayaking and Hiking** trip

Physical conditioning and consistent exercise prior to these trips IS mandatory.

Physical conditioning and consistent exercise prior to these trips is essential. While these kayaking trips are suitable for a total novice kayaker, you will be sitting in and paddling an inflatable sea kayak for up to 4 continuous hours. You also will be hiking off-trail over steep and uneven terrain, often covering more than 10-miles in a day. You may encounter short stretches of thick vegetation and may also experience Alaska's diverse selection of insect species. You will be camping in a very remote wilderness, sleeping in tents, relieving yourself in places with a stunning view, and sometimes enjoying all of the above in the rain. You will be expected to load and unload your own gear, carry a portion of the group gear from our drop-off location to our various camp locations, and manage your own physical comfort and well-being. Pre-trip physical conditioning should begin no later than 2 months before departure and should include walking or hiking.

DAY-BY-DAY ITINERARY (*Sample)

Day 1: This morning You'll start the day with an orientation and gear check at our Anchorage facility before heading to Merrill Field for the flight from Anchorage to Port Alsworth, and one of the most stunning bush flights in Alaska. After the hour-long flight, you and your guide team will discuss the adventure and wrap up the trip orientation. We'll then load into float planes and lift off into the afternoon skies bound for Turquoise Lake – a 40 minute flight to the north of Port Alsworth. We'll spend a couple of hours setting up camp at the east end of the lake and assembling our kayaks while we begin the process of absorbing the solitude of this silent wilderness. After our first gourmet wilderness dinner and home-baked dessert, you'll have the chance to do an evening paddle on the lake or simply relax on the shore and take in the stunning view.
Lunch & dinner included.

DAY-BY-DAY ITINERARY continued *(*Sample)*

Day 2: After leaving the comfort of your sleeping bag, you'll sip your preferred morning beverage as your guide prepares a sumptuous breakfast sure to fuel you for the day ahead. We'll then strike out for a day of hiking up and into the "grand canyon" of Lake Clark National Park. If weather and river conditions allow, our goal today will be the Turquoise Glacier, via a 6-mile hike up-valley. As you marvel at the 5000' walls of the canyon and the waterfalls cascading from distant summits, you'll be left speechless by the surrounding majesty and the vertical relief enveloping you. Otherwise, your guide will take you up one of the incredible side valleys that feed the Turquoise watershed. Regardless, today's hike will simply leave you in awe and wanting more.

All meals included.

Distance: 12 miles, Elevation Gain: 1500'

Day 3: Today we'll stretch our legs on another amazing hike. We'll shoulder day packs and head off to explore another one of the mighty drainages that bring glacially churned waters to the head of the lake. We'll practice our river crossing techniques and surely discuss the forces that have shaped this landscape for thousands of years.

All meals included.

Distance: 8 miles, Elevation Gain: 1800'

Day 4: After a leisurely shore-side breakfast, we'll break down camp, swap our trekking poles for paddles, and launch our inflatable sea kayaks into the pristine waters of Turquoise Lake. Kayaking on Turquoise Lake is both awe inspiring and humbling. As we paddle our way west to our next camp, located on a prominent spit of land on the southwest end of the lake, we'll crane our necks to take in all of the amazing scenery and scan the shore and surrounding mountain sides for some of the critters that call this place home. Our campsite on the spit provides easy access to the tundra country characteristic of the western slope of the Alaska Range. This is the part of the trip where we'll really accumulate some hiking miles!

All meals included.

DAY-BY-DAY ITINERARY continued *(*Sample)*

Day 5: We dedicate our final full-day in the wilderness hiking to and visiting one of the most unique locations in Lake Clark National Park. A few miles south of our camp, nestled deep in the mountains, is the magical 'sheep lick.' This mineral lick is a favorite haunt for the majestic Dall's sheep and we'll likely see ewes and lambs frolicking on its incredibly steep slopes. This valley has also provided us with some memorable wildlife encounters over the years, so be on the lookout for caribou, wolves, grizzly bears, and wolverines as well. Bound for some to be a trip favorite, this hike is sure to put a satisfying finish atop an incomparable adventure to Turquoise Lake.

All meals included.

Distance: 12 miles, Elevation Gain: 2500'

Day 6: A breakfast of granola and hot drinks will allow us a leisurely morning to break camp and enjoy our last bit of time in the wilderness. Perhaps a bit soon, the float plane will mark our slow return to the world outside. Our pilot will return us to Port Alsworth, where we'll check into the quaint cabins just steps from the beach. After hot showers and a celebratory dinner, we'll tally up our wildlife sightings, and try to digest the humbling euphoria of days spent in total solitude.

All meals included.

Day 7: After breakfast at the lodge, we'll pay a morning visit to the Lake Clark National Park visitor's center where you'll have a chance to purchase maps and postcards, share stories with park staff, and enjoy interpretive videos and static displays of Lake Clark life. We'll then strike out on the last hike of the trip along the park's only developed trail to Tanalian Falls, a spectacular waterfall along the Tanalian River. We'll then board an afternoon charter flight back to Anchorage, marking an end to the adventure. If you are departing Alaska on this day, please schedule all homebound flights for after 9 pm.

Breakfast & Lunch Included.

*While Alaska Alpine Adventures endeavors to follow our itineraries as written, odds are in fact slim that you actually will during the camping portion of this trip. The expeditionary factors at play quite often compel our guides to deviate from the written itinerary. Guide considerations could include weather conditions, group preference, individual ability, specific safety considerations, or unforeseeable circumstances; collectively what many have called "The Alaska Factor." Flight times into and out of the wilderness may also vary based on any number of similar factors. Therefore, we strongly suggest that you approach any adventure in Alaska with an open mind.

Traveling with Alaska Alpine Adventures

GUIDES: It takes a talented individual to be able to lead an Alaska expedition, and our Alaska guides are true outdoor multi-sport professionals. We hand-select each guide based on their ability to deliver an unparalleled level of customer service, a strong wilderness skill set and background and an insatiable passion for Alaska's wild spaces. Each guide is medically certified as a Wilderness First Responder and carries the necessary qualifications to competently backpack, hike, kayak, canoe and climb throughout Alaska's vast wilderness. When you choose to travel with us, you can rest assured that your trip has been meticulously planned and executed by real Alaskans with authentic Alaska know-how, skill and ability.

FOOD: Our food is excellent – in fact it is something that clearly differentiates us from our competition. We have spent the past twenty-five years fine-tuning our backcountry menu. Breakfasts include steel cut oats, egg scrambles, homemade granola and cereal, locally roasted coffee, assorted tea and cocoa. Lunches could include an Italian club torta sandwich, asiago bagels and Alaska lox, a curried tuna pita, or perhaps crackers with genoa salami with a roasted red pepper goat cheese spread. We also feature daily snack packs with an assortment of energy bars, chocolate, meat and cheese. Dinners could include pasta carbonara, Alaska reindeer rotini, chicken and chipotle beef enchilada bowls, and more. And a delicious desert experience is always included after dinner.

CAMPING: Alaska Alpine Adventures has camped in some of Alaska's most remote and wild places; from the remote beaches of the Alaska Peninsula, the rugged glaciers of the Neacola Mountains, to the open tundra expanses of the Brooks Range. With literally thousands of nights camped in the Alaska wilderness in all seasons, we have refined camp craft to a science. Expedition quality tents, included trekking poles, group-size tarp shelters, and only the best cooking equipment accompany each and every one of our wilderness trips. Not only does including the finest equipment make camp life more comfortable, but it also adds a level of safety to trips that could otherwise be relentlessly unforgiving to the unprepared. In other words, we take our camping very seriously!

SMALL GROUPS: Small groups are the best way to witness the Last Frontier! This wilderness trip is limited to 8 guests. And with a guest to guide ratio of 4:1 you are assured of our commitment to risk management and safe operations. Furthermore, it is a best practice to keep groups exceptionally small to minimize our impact on the Alaskan backcountry by following Leave No Trace principles.

GRATUITIES: Tips to guides are left entirely to your discretion. While any amount is greatly appreciated, tips often range from 5-10% of the trip cost per person and are split among the guides.

The staff at the Farm Lodge works very hard to make your stay fulfilling and comfortable. Generally, a tip of \$10-\$20 is appreciated and is split among the entire lodge team.

Clearing skies and tundra hikes make for fantastic days!

LUGGAGE

If you chose to pack and check your backpack, make sure all the straps are cinched and buckled. The baggage conveyors have been known to eat these things! Please keep your luggage tagged, with your name easy to read. During the morning orientation & gear check on Day 1, we will issue you large backpack style dry bags for you to use during the trip. Due to limited weight restrictions for the bush flights, we suggest you pack as lightly as possible.

If you follow the gear list, you'll be spot-on! Of course, you're welcome to store any additional items at our shop while you are out in the field.

ROOMMATE POLICY

EQUIPMENT INFORMATION – TURQUOISE KAYAK & HIKE

This document lists ALL clothing, equipment and other gear needed for your Alaska Alpine Adventure.

Please note that some items will be supplied by Alaska Alpine Adventures; other items you will need to provide yourself. The checklist below contains all of the clothing and gear required for this trip offered by Alaska Alpine Adventures. By following them, you should find yourself well equipped for your adventure. We are always happy to discuss equipment needs with you, so please do not hesitate to contact us with any questions.

TRUST YOURSELF, NOT THE WEATHER!

We travel light, yet spare few comforts, and the following checklists reflect this dogma. Our lists are based on typical seasonal and environmental conditions you are likely to encounter. Please refer to your particular adventure's itinerary for specific weather conditions you can expect at your destination. Living by the tenant of "hope for the best, plan for worst, and probably get something right in between" has served us quite well and often seems to sum up the Alaska experience. Environmental comfort levels will vary from person to person, so please select your clothing and equipment accordingly and use the following checklists as a guide. It must be stressed that the items listed (or your own favorite substitution) are **MANDATORY** and must be in your possession when you head into the field.

OUTDOOR EQUIPMENT SUPPLIERS

Over the course of many years spent in the most rugged environments, your Alaska Alpine Adventures guides have had the opportunity to put their gear and clothing to the ultimate test - daily use. Our guides have repeatedly found that certain companies produce consistently tough, durable products that stand up to both time and the elements. You can find most of these brands at your local outdoor retailer or online. The Alaska Alpine Adventures website also contains links to suppliers, printable gear lists, and helpful videos. We've also included the gear list below.

AVAILABLE RENTAL ITEMS

Alaska Alpine Adventures rents quality down and synthetic sleeping bags, inflatable air mattresses, Crazy Creek chairs and waterproof/breathable chest waders for this trip. Please visit our rental page on our website by clicking [THIS LINK](#) for more info. .

FREQUENTLY ASKED QUESTIONS

Will I be kept safe on the trip?

Because our trips take place in remote & wild environments, there are inherent risk factors that can't be entirely avoided without compromising the unique character of the activities associated with adventure travel. Obviously, it's not our intention to reduce your enthusiasm for outdoor adventure activities, but we believe it is important for everyone to know in advance that real adventure involves real risk, much of which simply cannot be controlled Alaska Alpine Adventures or Alaska Alpine Adventures' employees. By joining one of our trips, you are representing that you understand, and are accepting of, the risks described in the acknowledgment/release document that all participants are required to sign. You are also representing that you will accept the degree of personal responsibility necessary to participate in adventure travel activities.

What about the mosquitoes?

In case you've heard horror stories... the number of mosquitoes is greatly dependent on hatching season, annual weather conditions, specific locations, and time of year. While you are bound to encounter some mosquitoes during the course of your summer adventure, their numbers rarely present major problems. That said, please arrive prepared with insect repellent and a head net to fend off any bugs that are present.

Will bears be a problem?

Alaska is bear country! There are both grizzly and black bears in most of the wilderness areas of Alaska we visit. We love seeing bears in the wild and consider bear sightings one of the most thrilling privileges common in Alaska's backcountry. That said, traveling safely and taking precautions to minimize a negative encounter are considerations we take very seriously. In addition to conducting a thorough pre-trip bear safety orientation, your guides also take many precautions on all of our trips including: 1) all of our food is packaged to minimize odors – we vacuum seal most of our fresh ingredients and sauces, we pack our food in bear resistant food canisters, and we store our food well away from camp. 2) We make noise when we're hiking in thick brush or when we're hiking in windy conditions to minimize surprise encounters. 3) We keep an exceptionally clean camp and 4) as a last resort guides travel armed carrying pepper spray.

Will I see wildlife on my trip?

It's important to keep in mind that while we do have abundant wildlife populations in Alaska, animals are often obscured by the vastness of the landscape, subject to imprecise migration routes and often affected by Alaska's dynamic weather patterns.

While wildlife viewing on our trips has been historically reliable, and we schedule our trips to maximize the chances of seeing wildlife, there are simply too many factors to make any guarantees.

What will the weather be like on my trip?

Alaska has some of the most dynamic and dramatic weather on the planet. During the summer months in Alaska, average daytime temperatures range from 60° to 80°F. Nighttime and morning temperatures are cooler, but rarely dip below 40°F. Fall arrives early at these latitudes and you'll experience cooler temperatures and fewer hours of daylight in late August and early September. Throughout the summer season, you may experience rain, sun, wind, clouds, and fog on your adventure.
